PHARMACY

H.L. COSHATT COMPANY, INC.

Our Company

HL Coshatt Company, Inc. (HLCC) is a specialized Healthcare Pharmacy fixture, shelving, furniture, and equipment firm. We are strongly committed to providing quality products and services to our customers, including turn-key packages from in-house design, CADD specification, project management, warehousing, and installation, for a complete offering of services to our clients.

HLCC is one of the largest Stocking Distributor of Lozier fixtures, strategically located near Lozier production facilities in Alabama with access to Lozier's network of more than 2.41 million square feet of production capacity.

Founded in 1972 by Henry Coshatt, we've built our reputation on establishing strong relationships with quality clients, superior suppliers and excellent service providers. When you work with us, you access a wealth of experience and a variety of products.

Thank you for your interest in our company.

H.L. COSHATT COMPANY, INC.

Pharmacy

Typical Approach to a Project

- **Design**

- 3 Typical Starting Points:

- 1. Start with CADD of Building (new or existing)

- 2. Start from scratch - We measure building and create a floor plan in CADD

- 3. New Building - We design the Pharmacy/workflow to be used to give to the architect to use to design the building

- During the design phase we coordinate with you, the architect, builder, facility owner, and subcontractor trades

- including electric, data, plumbing and security system

- Confirm final design for budgeting/quoting

- **Order**

- Typically receive 50% down with order and balance on completion

- **Installation**

- Professional experienced installers meet the truck and unload

- Typically takes 1 to 5 days to install

- Coordinate with builders and trades

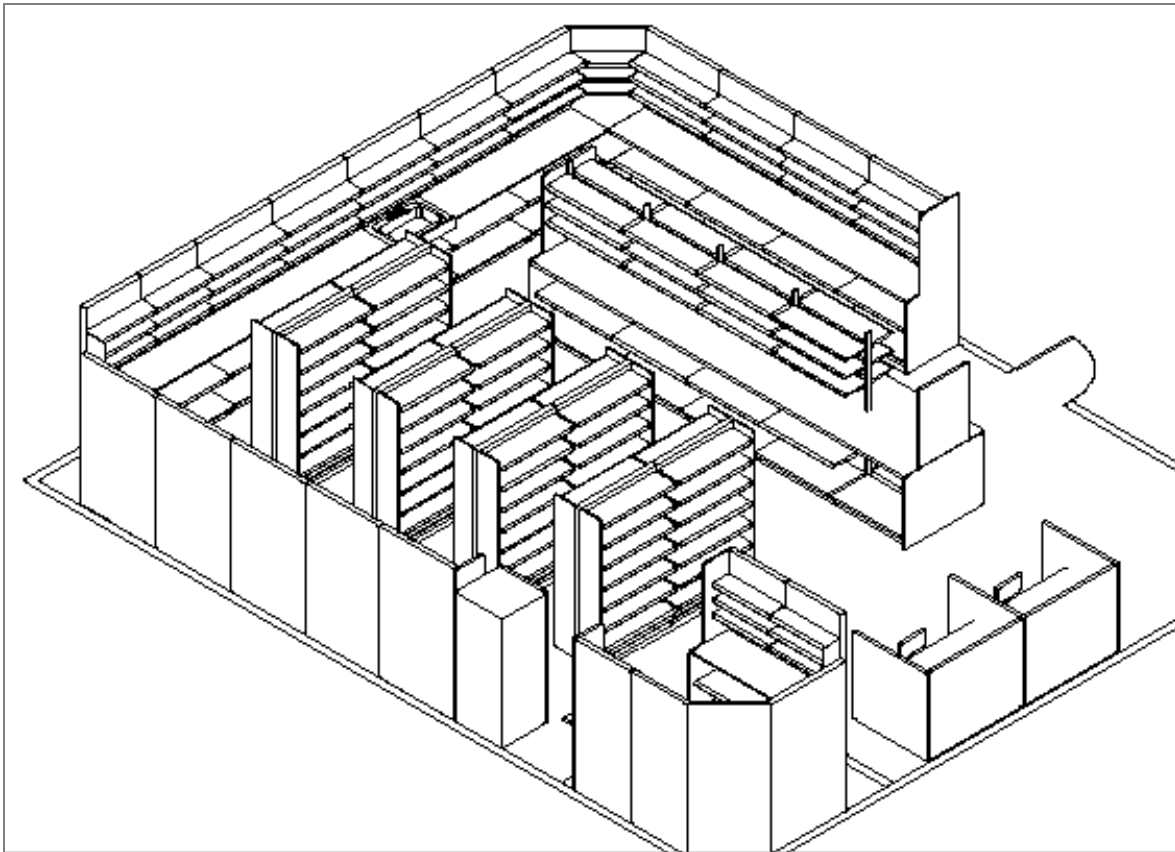

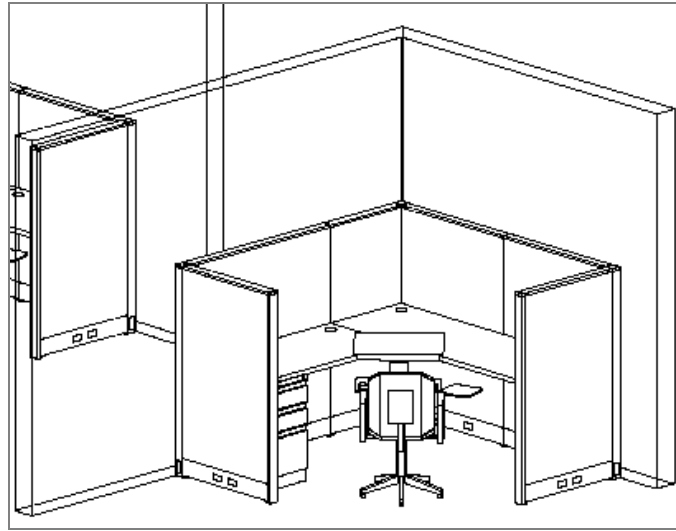

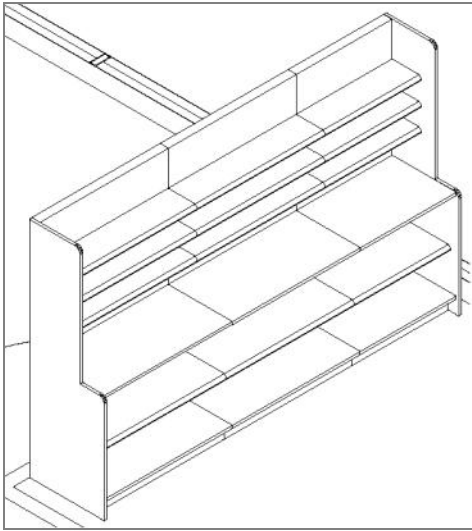

- **Archive Drawings & Fixture Data**

- Future remodeling

- Future relocations
